Testimonial

"Vita, you designed the most beautiful floral display for my mum's wicker casket. Mum was young and you understood our wishes for something less traditional for our flower loving mum. It was more beautiful than we could of imagined and exactly what mum would have loved. Even the funeral directors who deal with florists every day commented on the beauty. We have never used your services before, stumbled across you and thank goodness we did. Thank you for your professionalism and talent. You brightened a dark day for us as a family"

Jenny

Hello,
I know losing a loved one is difficult, flowers allow us to express our love, friendship and respect for the deceased. A bespoke funeral tribute is a wonderful way to celebrate a loved one's life.

Flower La Vita will help you to choose a beautiful floral tribute, all flower arrangements are made personally to suit your wishes.

This booklet shows popular designs and all can be provided using different colour schemes.

Please get in touch to discuss your personal requirements, you are welcome to come and see me at my workshop at Cockington Court Craft Centre, so that we can discuss and create the perfect tribute for your loved one.

Vita :)
